"The entire object of true Education is to make people not merely do the right things but enjoy them—not merely industrious but to love industry—not merely learned but to love knowledge—not merely pure but to love purity—not merely just, but to hunger and thirst after Justice"—John Ruskin.

JOHN H. GARDEN, B.A., B.D., PRINCIPAL

THE MAIN BUILDING

Architect's sketch of the proposed Kerby Memorial Building which is to be erected to the memory of Dr. G. W. and Mrs. Kerby, the founders of the College. The plan is to concentrate class rooms, laboratories, administrative offices, and an up-to-date gymnasium in the new building, while the present main building will be renovated and changed to provide more residential accommodation and improved studios for the Conservatory of Music.

A CLASS IN PHYSICAL EDUCATION

Historic Sketch

MOUNT ROYAL JUNIOR COLLEGE is situated in the West End of the foothills city of Calgary in southern Alberta. The Main buildings overlook the Mewata Park and the beautiful valley of the Bow River. In the far distance the snow-clad peaks of the Rocky Mountains can be seen from the dormitory windows. The College is of easy access from any part of the city, but yet sufficiently secluded to give the atmosphere of quiet and study.

The College was founded thirty-four years ago with Dr. G. W. Kerby as the first Principal who continued in office until July, 1942, when he was succeeded by John H. Garden, B.A., B.D., the first registered student of the College. Through the years steady progress has been made until today courses in First Year University, High School, Commercial and Terminal Religious Leadership and Music are offered to the Youth of Calgary and Southern Alberta.

During its short history thousands of students have gone forth with improved preparation for better service. Among these many have distinguished themselves in Scholarship, Business, Social Service and Government science. Despite the difficult times, Mount Royal College enters upon its thirty-fifth year with firm resolve to carry on in the spirit of sacrificial service that young people may be better prepared for the part they must play now and in the years that follow the war.

A Message to Parents

It is a serious matter to decide upon the college or school to which you will send your son or daughter. School influences, habits and friendships are likely to be life-long. Your affection for your children may well demand your closest scrutiny of the environment to which you will entrust them. Their health, mind, spirit, emotions, morals, happiness and usefulness are all factors in the problem.

The best investment that any young person can make of time and money is to use them in securing a good education. But a good education is something more than a knowledge of languages and history and mathematics and other academic subjects, important as these certainly are.

In Mount Royal College students receive a liberal education in all that the term implies—physical, mental and moral development and cultural training. Constant effort is directed to character building and the formation of good habits.

The proper development of your son's or daughter's powers should be your aim and that of the college they attend, rather than the mere completion of a course of study. Give your sons and daughters an opportunity to come to the best in life, and it will be of far greater value to them than a rich legacy of money or property.

Students away from home find in the residential life of Mount Royal College the happy and healthful surroundings that not only make for better advancement in their studies, but leave a lasting influence for good on their personal life and character.

General Information

ADMISSION REQUIREMENTS

Mount Royal College is open to all young men and women of good moral character who are willing to live in harmony with its principles and regulations. There is no racial or religious discrimination but the standards and ideals of a Christian Community are those which prevail in the College government. Every effort is made to encourage each student to become a good citizen exemplifying the principles of self-control, co-operation and respect for law and order. The means are provided to insure academic education and sound business training as well as the development of those personal characteristics and social graces required of young men and women preparing for responsible careers.

EDUCATIONAL PHILOSOPHY

The aim of Mount Royal Junior College is to provide such a well-balanced educational training that students may become intelligent citizens of Canada with an appreciation of the things that make for culture and lasting greatness. With relatively small classes we have the opportunity to treat each student as an individual and to assist him in achieving the maximum development of which he is capable. For the furtherance of this aim the College employs a faculty who are by training, experience and Christian character qualified to provide such instruction. The College is co-educational. It believes that there are decided advantages in the co-educational plan on the Junior College level. This plan provides a normal life in the relationships between students as a preparation for normal associations in the more mature relationships of life. Sound scholarship, physical fitness, self-control in an atmosphere of judicious discipline are regarded as essential and every effort is made to maintain sympathetic contact with the students. The school stresses the development of character through the development of mind and body.

COUNSELING AND VOCATIONAL GUIDANCE

To assist students in discovering their particular interests, aptitudes and abilities the College maintains a guidance and counseling service which undertakes to assist the individual student in all phases of his personal adjustments to the world about him and to the society in which he lives. Panels of professional and business men, who are willing to assist students in exploring the various vocations are available and appointments can be made in consultation with the Principal. A placement service is also maintained to help students get employment.

ORIENTATION

Lectures are given at the opening of the Fall Term by the Principal and other members of the Faculty to all students on the problems commonly met at College, such questions as study methods, note taking, mental health, methods of self-discerning and the adjustment of the student to College environment, etc.

LIBRARY SERVICE

The Carnegie Corporation of New York and T. Eaton Company of Canada gave liberal donations that made possible the purchasing of several hundred well selected volumes on scientific and reference subjects in addition to many books on general reading. This library is accessible to all students and is provided with a quiet reading room. Our students have also easy access to the well stocked shelves of the Calgary Library with its excellent selection of books, magazines and reference materials.

RELIGIOUS LIFE

The Christian note is dominant in all the activities of the College but is divorced from sectarianism. The school does not enunciate any denominational doctrine or dogma but endeavors to build its program of activities around a true recognition of religion as life. There are many religious groups represented in the student body, yet there is a splendid spirit of unity and the young people meet for fifteen minutes of chapel service each morning which is conducted by the Principal. The students are encouraged to attend the Churches of their choice on Sunday and take a definite part in their work. Such organizations as the Students' Christian Movement and The Inter Varsity Christian Fellowship are promoted by the students themselves. Courses on Christian Citizenship are given by the Principal assisted by Horace C. Burkholder, B.A., B.D., former secretary of Christian Education in Alberta and British Columbia.

The Residences

Well equipped residences for both young woman and young men are maintained for the convenience of the out-of-town students who attend the College. Some Calgary students may be admitted by special request. All students whose homes are not in the city are expected to avail themselves of the accommodation supplied by the Residences with the exception of those who have relatives in Calgary and also the members of the University group. These may secure special permission from the Principal.

Resident students are under the care of the Supervisors of the residences. The superior educational advantages of this need not be emphasized. It is our experience that students coming from a distance, who do not go into residence, cannot successfully compete with those who enjoy the home-life of the College. The regular study periods, the personal contact with the teachers and association with other students taking the same work are advantages that cannot be overestimated.

RESIDENCES FOR GIRLS AND YOUNG LADIES

The Women's residence has a southern exposure and provides attractive and home-like accommodation. Well-kept lawns, with flowers, shrubbery and shade trees add a touch of beauty and recreation rooms with piano and other musical instruments help to make this a comfortable home. The residence is supervised by a Lady Dean who is a companion to the girls and helps in promoting sport, organizing hikes and in developing proper manners and good habits of life. Talks are given on etiquette and deportment and every effort is made to maintain a refined and healthful atmosphere in the ordering of everything connected with the management of the residence. The use of tobacco is not permitted in the residence.

RESIDENCES FOR BOYS AND YOUNG MEN

The men's residence faces the West and commands an excellent view of the Bow Valley with the mountains in the distance. It is under the care of a competent Supervisor who as companion to the boys is able to help them in many of their problems and give leadership in their activities. The educational value of residence life is very great where the boys meet one another upon a basis of equality and the consideration of the needs and rights of one another is developed.

ROOMS IN BOTH RESIDENCES

The rooms in both the Womens' and Men's residences are very similar. They are large, well-ventilated and comfortably heated by steam and suitably furnished, single beds being used throughout. Each room is occupied by two students, with the exception of a few large rooms that can accommodate more. Students may occupy a room alone on payment of \$5.00 per month extra provided such room is available.

Students have the privilege of adorning their rooms with pictures, pennants, banners, etc., provided the walls and woodwork are not damaged with nails, tacks, paste, etc. All breakage and damage to furniture, floors, or walls will be charged against the student by whom it is done.

Both men and women students are required to make their beds each morning and maintain an orderly room which must be ready for inspection by 8:30 a.m. daily. Rooms are assigned to students in order of application. No room can be reserved until the application fee is paid. After assignment rooms may be changed only by consent of the Supervisor. Students may indicate on their application forms the roommate desired.

Note: In 1944-45 we had more students applying for accommodation in the Residences than we could admit. Apply early and be sure of your room for 1945-46.

DRESS AND OUTFIT

There is no uniformity of dress required. The students' outfit should be neat, warm and simple. The College colors are blue and white which should suggest appropriate colors for sweaters, etc.

The College supplies pillow, counterpane, and one pair of blankets for each bed but the student is required to bring (plainly marked with full name):

4 hand towels	2 dresser covers
2 bath towels	2 washable laundry bags
4 sheets	2 cushions
1 heavy blanket or comforter	Shoe brushes, toilet articles
1 small rug for front of bed	Bedroom slippers.
3 pillow cases	

LAUNDRY SERVICE

The flat rate of \$2.00 per month charged all resident students includes the laundry work on the above articles as well as a reasonable amount of personal laundry each week.

Care of Health

The Principal is persuaded that the best progress of the students individually and collectively demands that all possible care be taken to safeguard the physical well-being of each one. At Registration all resident students are required to take a thorough medical examination. These examinations are made by the College physician and other medical specialists and is provided at the low cost of \$3.00 per student. It is understood that this does not include any medical or surgical treatment which may be required but a report of such requirements will be sent to the parents.

CASES OF SICKNESS

In the case of colds or minor illness the College endeavors to give the best care possible but experience has taught us that the best policy in the case of contagious or serious illness is for the student to be placed in hospital. In general the health of the students in Residence, under the wholesome regime of the school, is very good with the young people improving in health, strength and weight.

Student Activities

The student activities constitute a very vital part of the life of the College. Mount Royal College is fortunate in having a gymnasium and easy access to the athletic grounds and swimming pool of Mewata Park. Sports are promoted as far as the time of the students will permit and some good teams function each year. However, during wartime a good deal of the spare time of the students is devoted to services and training in connection with the war situation. There is a unit of the Women's War Services (Civilian) for the girls. This is compulsory for university students but voluntary for others. In this they have the opportunity of learning Drill, Red Cross Service, Canteen Duty, First Aid and A.R.P. work. For the boys over seventeen we have had the No. 18 (M.R.C.) Squadron U.A.S., R.C.A.F., but with the close of the Commonwealth Air Training Programme this unit was disbanded. However the boys have asked that a unit of the University Naval Training Division be organized next fall. With the appointment of a full time Physical Training instructor and sports leader we expect considerable development in Sports and Physical Training.

The Students' Council

The Council, composed of representatives of the student body, has regular stated meetings for the transaction of business in which students are particularly interested. This relates to social events, Literary Society, Clubs, etc., and athletic activities. The work of preparing and publishing the Year Book and also the College paper, "The Scratchpad," is done under the supervision of the Council.

General Regulations

It is the desire of the College to impose as few restrictions as possible but rather to create an atmosphere of right thinking and right acting whereby good habits and principles will be developed and strengthened. To this end we expect all students to act in sympathy and co-operation with the Faculty of the College, both in and out of the regular class work; to cultivate and develop a loyal spirit of culture and comradeship which shall make the College a delightful place of residence and the period here the happiest and best in the student's whole life. However, there are a few definite rules that must be observed by all students:

1. The use of intoxicating liquor is absolutely prohibited and anyone bringing liquor inside the College will be expelled and in such a case no refund will be made in the term's fees.
2. Boisterous conduct, offensive and obscene language are strictly forbidden.
3. The use of fire-escapes or windows to leave or enter the College, or the possession of unauthorized pass keys is a major offence and may lead to expulsion without refund of fees.
4. The College will not be responsible for money, valuables or clothes left in halls or rooms. Deposits of money may be placed with the Registrar and withdrawals made at specified times.
5. Resident students are not permitted to remain out of Residence over night unless they have written permission from their parents which must be sent to the Supervisor. On Monday, Tuesday, Wednesday and Thursday nights students must be in their rooms for quiet study, but on Friday and Saturday evenings (provided there is no function at the College) students may go out to visit friends and attend places of wholesome amusement but must report back at the College by 12:00 p.m. Friday, and 11:30 Saturday (those under 17 years of age at 11:00 p.m.) Special leaves may be granted by written permission from the Supervisor. To allow opportunity for out-of-town students to visit their homes long week-ends are granted—October 5-8; November 9-12; Feb. 1-4; March 1-4.

NOTE: Parents are asked to send the names and addresses of people in Calgary who may be visited by their children.

6. Students leaving the Residences are required to sign the Record Book stating destination, period of absence and where they may be reached, and sign time on return.
7. A study period must be observed by all resident students from 9:30 to 11:30 Saturday mornings.
8. Regular attendance at all classes is required and is the students' responsibility. Cases of illness should be reported immediately to the College office and excuse will be granted.
9. The use of electric irons, toasters, chafing dishes and waffle irons in rooms create a fire hazard, and are forbidden.
10. Students are expected to attend the Church of their choice each Sunday morning.

BRITISH COLUMBIA STUDENTS

We are glad to welcome increasing numbers of students from British Columbia to Mount Royal College and are preparing this paragraph to indicate the equivalents in courses. Our Business and Terminal diplomas are accepted everywhere and have the same value in British Columbia as Alberta. Our first year University Courses are equivalent to the second year courses at the University of British Columbia. In the High School division our Grade XII if the correct subjects are chosen gives you First Year at the University of British Columbia. If you purpose coming to Mount Royal College send us the transcripts of your High School marks in British Columbia and we will have them evaluated and the equivalents set forth by the Department of Education of Alberta.

Courses of Study

THERE are six main departments in the administration of the College: the University, the High School, the School of Commerce and the Terminal Courses, and the Conservatory of Music, with which is allied the departments of Speech and Drama and Fine Art.

1. **UNIVERSITY.** Our University work is carried on in co-operation with the University of Alberta, with which Mount Royal Junior College has been affiliated since 1931. Students have found that in first year work at Mount Royal Junior College there has been an opportunity for close contact with the instructors and an easier transition from high school to university made possible. This department has been of special value to students residing in Calgary or vicinity, enabling them to live at or near home until they are more mature and have at least one year of university experience behind them. Taking first year university courses at Mount Royal College supplies an effective bridge between high school and university.
2. **HIGH SCHOOL.** High School courses are offered in Grades X, XI and XII, under the regulations of the Department of Education of Alberta. High School students at Mount Royal College have the advantage of being taught in a real college atmosphere by instructors who are specialists in their respective fields and who have passed the requirements of University teaching standards.
3. **COMMERCIAL.** The School of Commerce business and secretarial courses are thoroughly practical and modern. A staff of well qualified instructors and modern equipment gives the student every chance to complete a course in the shortest possible time. It is the aim of this department to train young people for the responsibilities they will meet in the business world; to prepare them for positions as secretaries, as office managers and as assistants to business executives. Students taking a business course may also combine some subjects of Grade XII, if required to complete their high school diploma or senior matriculation. They may also secure High School credits for Typing, Bookkeeping and Pitman Shorthand. Both day and resident students of the School of Commerce share with the High School and University students of the college in the social, literary and athletic activities.
4. **TERMINAL.** Terminal Courses beyond high school level for training in Vocational Studies, Music, Family Relations, Church Secretaries, Public Speech, etc., are offered for those students who may not wish to take a full University course leading to a degree.
5. **CONSERVATORY OF MUSIC.** The Conservatory of Music provides complete courses in all branches of Music. Students may take music in connection with their academic, commercial or other studies, or specialize in the degree courses of the Toronto Conservatory of Music or the Associated Board of the Royal Schools of Music, London. Speech and Drama leading to the A.T.C.M. degree in Elocution with Toronto Conservatory is given.
6. **FINE ART.** Individual talent has every opportunity to develop in this interesting department of the School. Personal instruction in Still Life, Landscape Perspective and Figure work and also Commercial Art.

University Department

R. W. McCREADY, B.Sc., M.Sc., Dean

First year courses are offered leading to the degrees of B.A., B.Sc., in Arts, B.Com., and in the Combined Courses leading to the degrees of B.A. and B.Sc. in Engineering, B.Sc. and M.D., B.Sc. and D.D.S., B.A. and LL.B., B.A. and B.Edue. and B.Sc. and B.Edue.

MATRICULATION REQUIREMENTS

1. For admission to any course except as noted below: standing in the following courses of Grade XII and in their prerequisite courses:—
 1. English 3
 2. Social Studies 3
 3. Algebra 2
 4. Trigonometry and Analytical Geometry
 5. Third unit of a foreign language
 - 6 and 7. Two of: Physics 2, Chemistry 2, Biology 2
2. For admission to the Combined Courses leading to the degrees of B.Sc. and M.D., B.Sc. and D.D.S., B.A. and B.Sc. in Engineering: 60% Average in the following courses of Grade XII and in their prerequisite courses—
 1. English 3
 2. Social Studies 3
 3. Algebra 2
 4. Trigonometry and Analytical Geometry
 5. Physics 2
 6. Chemistry 2
 7. French 3 or German 3 or Latin 3
3. For the degree of B.A. only, in the case of students interested primarily in languages or social studies: standing in the following courses of Grade XII and in their prerequisite courses—
 1. English 3
 2. Social Studies 3
 3. Third unit of a foreign language
 4. Third unit of a second foreign language
 - 5, 6 and 7. Three of: Algebra 2, Trigonometry and Analytical Geometry, Physics 2 or Chemistry 2, Biology 2.
4. To students with Alberta High School Graduation Diplomas who have not been able to obtain all the required courses of matriculation because such courses have not been available in their local schools, we may offer courses at Grade XII level in French, German, Latin and Greek, in Mathematics, and in Biology, Chemistry and Physics. For admission, the requirement will be at least B standing in the High School Graduation Diploma including English and Social Studies and evidence that the matriculation course desired was not available in the school. It is anticipated that a diligent student who enters in this way with only one deficiency will be able to complete the work of the General Course for the B.A. or B.Sc. degree in the normal time of three years; that a student who enters in this way with two deficiencies may complete the General Course in three years if willing to attend one Summer Session at University of Alberta in addition to the regular terms. Others are warned that admission by the High School Graduation Diploma will mean an additional year in the time normally required for a University degree or diploma.

List of University Courses

Division A	Division B	Division C

All new students in first year University are required to take Physical Education. Exemption from Physical Education will be granted to students who (1) are married, (2) are twenty-five years of age or over, (3) have a normal school certificate for physical education. Exemption is also granted to students who are members of the Reserve Army or U.N.T.D. if instituted, or our Women's War Services group.

SELECTION OF COURSES

Following are first year courses required for the various degrees:

1. **Degree of B.A.:** Two courses from Division A; one course from Division B; one course from Division C; one option; Physical Education.
2. **Degree of B.Sc.:** Three courses from Division C; two courses from Divisions A and B; Physical Education.
3. **Degrees with Honors:** A student with approved qualifications may follow a more concentrated course of study in a special field. The time required for an honors degree is four years.

Students who wish to take the honors degree in any department in Division C will register for the degree of B.Sc. and select their courses as outlined above. If at the end of the first year the student's record is satisfactory, his courses may be adjusted at the University of Alberta so that he may complete his Honors Degree course without any loss of time.

The above also applies to students who may wish to take the honors degree in any department in Divisions A or B, except that they will register for the degree of B.A. and will select their courses accordingly.

4. **Combined Courses leading to the Degrees of B.Sc. and M.D. and B.Sc. and D.D.S.:** English 4; French 2 or German 1; Latin 4; Mathematics 40; Chemistry 40; Zoology 2; Physical Education.
A student whose only language at Matriculation is Latin may take German 1.
5. **Combined Course leading to the Degrees of B.A. and B.Sc. in Engineering:** English 2; French 2 or German 1; a course from Division B; Mathematics 40; Chemistry 40; Physical Education.

6. **Combined Course leading to the Degrees of B.A. and LL.B.:** English 2; Latin 2 or French 2; History 2; Political Economy 1; one course from Division C; Physical Education.
7. **Combined Course, B.A., B.Educ.:** Two courses from Division A; Philosophy 2; one course from Division C; one option; Physical Training.
8. **Combined Course, B.Sc., B.Educ.:** Philosophy 2; one option from Division A or B; three courses from Division C; Physical Training.
9. **Degree of B.Com.:** Students should apply to the Registrar for specific information.

Classes are held for students who may have failed to pass in some of their Grade XII units, and who wish to write the supplemental examinations. Special intensive coaching is given in each subject from the time the July examination results are out until the supplemental examination is held for the subject taken. Tuition fees are \$10.00 for each unit, and the respective classes are held for an hour a day, six days each week, for a period of about three weeks. Students from out of town may board at the College if they wish to do so.

School of Commerce

GLENN B. HINCHEY, Dean

MOUNT ROYAL COLLEGE SCHOOL OF COMMERCE exists to serve young men and young women who have brains, energy and the ambition to succeed in life, and who realize that thorough preparation is essential to success.

The courses are designed to give the student a practical business education. Instructors are capable and experienced, and they are ready and willing to co-operate with the student at all times and to give that individual attention which is so necessary if the student is to obtain the fullest possible benefit from the course.

The students in our School of Commerce are under the same careful supervision and in the same intimate association with the members of our staff and faculty, and enjoy the same advantages, as the academic and other students. They study in a real College atmosphere and share in all the activities. Credit towards High School Diploma can be obtained in Book-keeping, Shorthand and Typewriting. Students can combine with these courses a few High School subjects that they may require to complete their high school diploma or senior matriculation.

Diplomas are awarded and presented on Commencement Day to all students who have successfully completed their courses.

Our Placement Service assists students in getting positions.

Includes study of: The Corporate Organizations, Opening and Closing Entries for Corporations, Books and Accounts Peculiar to a Corporation, Work at the Close of the Fiscal Period, Columnar Records, Manufacturing Accounts, Consignments sales and Installment sales. This unit also deals with Cost Accounting in all of the various phases, such as Materials, Labor, Burden, Units of Measurement, Distribution of Burden, Process Method and the Production Order Method.

A Practice set covering Cost Accounting for a Printer is taken up, which gives the student a practical knowledge of Costing.

SHORTHAND THEORY. (Pitman or Gregg)

Special emphasis is placed on a thorough knowledge of rules and Preliminary Speed Building. By means of individual instruction students are permitted to proceed as rapidly as they are able without being delayed by slower students. Students are taught correct writing habits, phrase writing, contracted forms and word signs. Even when learning the shorthand theory, students are given practice in dictation and reading from the first of their course.

DICTION AND TRANSCRIPTION.

Different types of letters and articles dictated until the student attains a speed of 120 words a minute on new and difficult material. Students taking the two-year Executive Secretarial Course must have a speed of 140 words per minute in technical dictation covering the various professions.

TYPEWRITING AND OFFICE PRACTICE.

After learning the keyboard the student works for accuracy with increasing speed and evenness of touch until he can type 50 words per minute on a ten minute speed test. As the students advance they are taught spacing, centering, numerals, and characters, tabulations, erasing, indentions, care of typewriters, replacing ribbons, cutting stencils, carbon work, addressing of envelopes, typing of invoices, telegrams, cablegrams, statements, account sales, drafts, editing and proof reading, etc.

Students taking the two-year Executive Secretarial course must attain a speed of 70 words per minute on a ten-minute test.

Mount Royal College

Conservatory of Music

IN AFFILIATION WITH THE
Toronto Conservatory of Music

DIRECTOR — CYRIL S. MOSSOP, L.T.C.L., A.T.C.M.

During the years since its foundation, the Mount Royal College Conservatory of Music has come to occupy an unique position in Western Canada, and its reputation as a first rate school of music extends far beyond the boundaries of the Province of Alberta. It has, in fact, achieved in a large measure the aims and objects of the institution, namely, to attract a faculty of distinguished musicians and to provide Alberta students of music facilities for study equal to those of the leading institutions of Eastern Canada and the United States. Year by year these facilities are being extended and widened.

At the numerous concerts and recitals given in the Conservatory each season, important works of the great masters, instrumental and vocal and ensemble, are performed by students and professional musicians. Recitals are occasionally given by members of the Faculty and by visiting musicians. Besides these more important occasions, frequent recitals are given in which Conservatory pupils of all grades, are from time to time permitted to take part. These exercises are of great advantage to pupils, stimulating them to increased exertion in their own studies, and furnishing opportunities for the development of their powers and the acquisition of the confidence necessary to a creditable performance in the presence of an audience.

The Mount Royal College Symphony Orchestra, affords practice in orchestra routine and training for students sufficiently advanced in their work to justify their being assigned places in the organization.

A remarkable growth of interest in chamber music has been witnessed among students and ensemble works performed at pupils' recitals have included many well-known classics. All possible provision is made for piano students who wish to gain experience in ensemble playing.

Mount Royal College Conservatory examinations are conducted twice yearly and reports of each student's progress sent to the parents.

Students so desiring are also prepared for the examinations of the Toronto Conservatory of Music and the Associated Board of the Royal Academy, and for Musical Festival competitions.

Practice studios are provided for students in residence.

COURSES OFFERED.

1. Private Instruction by expert teachers from Primary to advanced grades (including A.T.C.M., L.R.S.M.) in Pianoforte, Violin, Viola, 'Cello, Singing, Pipe Organ and various orchestral instruments.
2. Class and Private training in Theory, Harmony, Counterpoint, Form, Composition, History, Orchestration, Pedagogy, Ear Training, Choral and Orchestral Conducting, and Chamber Music.
3. Group Violin Classes (Violin loaned) at \$1.00 per lesson per hour have been carried on with great success during the past few years under capable teachers. These classes have proven excellent feeders for the Mount Royal College Junior Symphony orchestra where uniformity in bowing and good intonation are very important essentials in obtaining successful ensemble work.
4. Group Piano Classes for Beginners — 1 hour per week for 75c.

The Conservatory plans to reorganize and extend group piano instruction so that classes of 8 or 10 beginners may have the opportunity to perform simple rhythmic exercises, easy pieces, folk tunes and ear training exercises together. Class work for the first year has been found to develop a friendly spirit of competition among beginners, with gratifying results. Pupils also have the added advantage of playing for one another and developing confidence thereby.

5. Advanced Courses in Music.

- (a) Choral Literature — 1 or 2 hours per week.

This course will include a general survey of the more important types of choral literature, including a study of Bach's chorals, 17th and 18th century Madrigals and Motets, 19th century English, German, French and Russian part songs, Negro spirituals and 20th century part songs.

- (b) Music Appreciation — 1 or 2 hours per week.

This course will include a general survey and appreciation of the great works of music literature from the contrapuntal school of Palestrina, through the classic and romantic styles of the great composers up to and including impressionistic and modern contemporary music. The best recordings of the great masters will be played and commented upon and many taking the course will be given the opportunity to perform compositions for appreciation and discussion.

- (c) Mount Royal College Glee Club — 1 hour per week.

This course will include a study of the best 3 and 4 part secular choral music, choruses from light opera, negro spirituals, part songs for women's voices and sea songs and chanteys for male voices. Concerts will be given from time to time in the College auditorium.

THE COLLEGE AUDITORIUM

Speech and Drama Department

MRS. LEONA FLEGAL PATERSON, A.T.C.M. — Director

Class and private lessons are offered in Dramatic Art, Public Speaking, and all phases of oral English—interpretative reading, story telling, choral verse reading, voice training, etc. The study of these subjects, with experience in the oral presentation of ideas, makes for breadth of mind, an attractive forceful individuality, and an increase of mental alertness, resourcefulness and capacity, in social, business and professional life. They also meet the needs of those who desire success on the stage, in radio broadcasting and on the platform.

A.T.C.M. Degree in Elocution, Toronto Conservatory—Oral interpretative reading of poetry, prose and drama, both classical and modern.

Theory of voice training: Anatomy of vocal apparatus and technique of voice and speech production.

Technique of Elocution: The study of all forms of vocal emphasis. Treatment of lyric, epic and dramatic poetry. Gesture and platform deportment.

Elementary prosody: Rhythm, rhyme, accent and scansion.

Teachers' and performers' courses.

SCENE IN A DRAMA DEPARTMENT PLAY

Dramatic Art—Progressive educationalists acknowledge that the experience of being in a publicly presented play has many worthy and varied educative outcomes. Courses are offered in Play Acting, Play Direction, Make-up, Costume and Scenery Design, History of Drama and Theatre Art and acquaintance with some of the best examples of dramatic literature. Opportunity is afforded for all who desire to do so, to act in plays.

Public Speaking—Instruction for business men, club women, teachers or young people. Speeches given before an audience to develop self-confidence, poise and personality.

Art Department

DIRECTOR — MIRIAN GILLESPIE MOORE, A.R.D.S., A.A.S.A.

Life would be a very dull experience without Art expression in some form. This department therefore has two aims:

1. To inspire and encourage the love of drawing and painting by developing the natural aptitude of each individual student.
2. To use the drawing lesson as a valuable means of developing the intellect through visualizing powers, thus adding to the student's stock of knowledge.

All regular students should follow a basic program for the first two years, as shown below:

GENERAL COURSE:

Drawing: Interpreting structure, movement, solidity, and emotional aspects of natural forms and common objects; elements of anatomy, figure drawing from life, quick poses; perspective; research in nature—plants, birds, animals, etc.; still life groups; memory drawing and illustrations; decorative design — pattern, and theory of color; landscape.

Painting: In pastel, water color, and oils.

SPECIAL COURSES:

Any person desiring special instruction in any subject or any medium may take instruction with the regular students.

1. Portraiture — Drawing and painting the head.
2. Illustration — Deals with principles which underlie cartooning, imaginative drawing, and pictorial illustration.
3. Commercial Art — Advertising drawing, lettering, posters, fashion design, etc.
4. Still Life — Any medium.
5. Landscape — Any medium.

Students are prepared for the examinations of the Royal Drawing Society (London, England), and may enter the Society's competitions and exhibit in the Society's Annual Exhibit. After one full year's lessons, any student may take the examination suited to his age and ability. These are: Preparatory, Divisions I, II, III, IV, V, and VI. Preparatory examinations are for very young children.

Classes are held each Saturday morning from 10:00 to 12:00 noon for all ages at the moderate cost of \$1.00 for the class period.

Mount Royal College Entrance Scholarships & Bursaries

HIGH SCHOOL AND COMMERCE COURSES, Day Students.

Registration	\$ 3.00
Students' Union	3.00
Caution Money	2.00
Laboratory (for Grade XII only)	5.00

CAUTION MONEY—All students in residence, and non-resident students taking science courses, are required to deposit the sum of \$5.00 as Caution Money. All other students will deposit \$2.00 as Caution Money. General breakage and damage to college property, including breakage in the science laboratories is charged to the general caution money account, and after the close of the school year the balance remaining in this fund, if any, is returned pro rata to the depositors, less any charges which may have been made to them individually for laboratory supplies or for breakage or damage for which they may have been directly responsible.

APPLICATION FEE of \$10.00 should accompany the application of each student, which will be credited on the regular fees. If a student is unable to attend and gives notice ten days before the opening of the term one-half the application fee will be refunded.

DISCOUNT of 5% is granted when two or more students attend from the same family. A discount is also allowed to sons and daughters of ministers.

REBATE—No reduction is allowed or refund made for absence of a student except in cases of serious illness exceeding fourteen days, in which case the loss will be shared equally, starting from the fifteenth day of absence from the College.

One month's notice in writing is required from parent or guardian before the withdrawal of a student. Without this notice a full month's fees will be charged before any allowance is made. No rebate is allowed for withdrawal of a student within a month before the close of the term.

Students expelled for misdemeanors will have no refund of fees.

VACATION BOARD—Students who remain in residence during the vacation at Christmas or Easter are charged at the rate of \$1.00 per day for board. Students remaining at the College after the close of the school year, except to write their departmental examinations in Calgary, are also charged at the rate of \$1.00 for board for each day they remain.

Payment of fees in advance is a strict requirement of the College, and every obligation must be settled before diplomas or medals or prizes will be awarded.

No student can register for class instruction without presenting a card of admission from the Registrar.

Evening Classes and Partial Students

There are evening classes in some University subjects and Commercial Department subjects in which the following rates maintain:—

1. University —Each subject for full session	\$ 30.00
2. Commercial —Full course—per month	4.00

Partial student's tuition for each subject for full session, in day classes:—

University	\$ 35.00
High School	30.00

The College reserves the right to refuse the formation of classes for fewer than five students.

APPLICATION FOR ADMISSION

An application form will be found in the back of this Calendar. Applicants for admission to the University, High School or School of Commerce departments should fill out and send this form as soon as possible to the Registrar, with the application fee and a transcript of the student's high school marks. If a record of these marks is not at hand, the student should write to the Registrar of the Department of Education, of the Province in which he obtained his preliminary education, asking him to send directly to the Registrar of Mount Royal College a transcript of the complete high school record of the applicant.

Scholarships, Bursaries, Medals and Prizes for Students in Attendance at Mount Royal College

UNIVERSITY DEPARTMENT

1. The University of Alberta Scholarships open, upon application to University Students of Mount Royal College
 - (a) Honor Scholarships of \$50.00 offered annually to each undergraduate student in a degree course (first year at Mount Royal Junior College), who in the work of the preceding year obtained first class general standing. The scholarship is payable when the student is in actual attendance at the University and will be applied toward defraying tuition fees.
 - (b) The Viscount Bennett Scholarships—Not more than seven scholarships of the value of \$300 each will be available in the 1945-46 session for competitive award to students from the Calgary or Banff areas. These scholarships may be held in any year and course.
 - (c) The MacLean Bursaries—Eight bursaries of the value of \$125 each are available to undergraduate students in any faculty. The awards will be made on the basis of academic record and financial need, and preference will be given to students from farm homes.
 - (d) The Robert Tegler Special Scholarships—The Robert Tegler Trust has provided two special scholarships for handicapped students, tenable in any faculty. The scholarships may be awarded to the same students a second time or even throughout the whole undergraduate course, if the progress of the student and other circumstances warrant it. The value of the scholarships will be equal to the annual fees in the faculty concerned, plus a subsistence allowance of \$300 for the academic year.
2. The Calgary B'nai B'rith Bursary of \$25.00 offered to the Junior College first year student having the highest general standing in any two subjects in the division of Mathematics and Science.
